

[25-OH vitamin D assay, 6/16](#)

written by CAP TODAY

June 15, 2016

June 2016—MedTest announced the availability of a 25-OH Vitamin D Assay for the BS-480 chemistry analyzer. MedTest is the exclusive U.S. distributor of the BS-480 analyzer including manufacturing and distribution of reagents, calibrators, and quality control products for the general chemistry and drugs of abuse testing markets in the United States and Canada.

Results from serum, heparinized plasma, or EDTA plasma samples are available in 20 minutes. The assay offers a broad assay range of 7.6-147.8 ng/mL and reagents are liquid, ready to use.
