

Bio-Rad enhances InteliQ QC line

Feb. 12, 2021—[Bio-Rad Laboratories](#) has enhanced its InteliQ liquid quality controls product line. InteliQ products have improved open-vial stability, and they are now available on Abbott Alinity and Roche Cobas systems.

InteliQ, together with next-generation platforms, aims to help laboratories increase efficiency and maximize workflows by providing easy to use, load-and-go quality controls.
