

Chembio to sell its Sure Check HIV 1/2 Assay, 3/16

March 2016—Chembio Diagnostics will begin selling its Sure Check HIV 1/2 Assay in the U.S. market on June 1. The product is currently distributed in the United States by Alere under Alere's Clearview Complete brand, and Chembio has notified Alere that it will not renew or extend the distribution agreement when it terminates on May 31.

Chembio will sell the assay in the U.S. market through its existing U.S. sales force and distribution channels. Outside the U.S., Chembio markets primarily through distributors.
