

Eppendorf & Science prize call for entries, 4/15

April 2015—Eppendorf and the journal Science are accepting applications for the 2015 Eppendorf & Science Prize for Neurobiology. This annual international research prize of \$25,000 is awarded to young scientists for their outstanding contributions to neurobiology research based on methods of molecular and cell biology. Researchers who are 35 years old or younger are invited to apply by June 15, 2015. The winner and finalists are selected by a committee of independent scientists, chaired by Peter Stern, MD, PhD, senior editor at Science.
