

# KSL Diagnostics opens transplant immunology laboratory

September 2023—KSL Diagnostics, Buffalo, NY, has opened a transplant immunology laboratory to serve the western New York region. KSL is the provider for Erie County Medical Center and Kaleida Health. ConnectLife, a community blood bank and federally designated not-for-profit organ procurement organization, uses KSL's new lab and services Allegany, Cattaraugus, Chautauqua, Erie, Genesee, Niagara, Orleans, and Wyoming counties.
