

Leica inks agreement with HealthTrust, 11/13

Leica Biosystems has signed an agreement to supply HealthTrust, a group purchasing organization and provider of total cost management solutions for health care facilities, with its broad range of histology instrumentation, laboratory consumables, and sample-tracking systems.

Effective Sept. 1, Leica's histology instruments and consumables portfolio was made available to HealthTrust's 1,400 not-for-profit acute care facilities and more than 10,000 nonacute members.
