

Marketplace Index, Companies “R”

- [FDA approves test to screen for malaria in blood donors](#)
- [FDA clears Diasorin Liaison Plex system](#)
- [Siemens offers anti-müllerian hormone assay](#)
- [FDA clears Sebia free light chain assays](#)
- [StatLab acquires Poly Scientific R&D](#)
- [Bio-Rad launches QC online learning center](#)
- [Sekisui gets EUA for Osom flu, SARS-CoV-2 test](#)
- [SpotFire R/ST panel gets 510\(k\) clearance, CLIA waiver](#)
- [Verichem releases microprotein reference materials](#)
- [Bayer, Thermo Fisher to develop NGS CDx assays](#)
- [De novo classification granted for ADAMTS13 activity test](#)
- [Bio-Rad gets My Green Lab certification](#)
- [Recordati Rare Diseases introduces educational website](#)
- [Verichem reference materials for creatinine assays](#)
- [Bio-Rad publishes third workbook in QC series](#)
- [Agilent, Incyte collaborate to develop CDx](#)
- [Innovative Lab Solutions welcomes VP of solutions](#)
- [FDA clears Avails Medical AST system](#)
- [Randox releases bladder cancer array](#)
- [Bruker to acquire EliTechGroup](#)
- [Roche to acquire LumiraDx's POC technology](#)
- [FDA clears EDTA cartridges for SeptiCyte Rapid](#)
- [Binx, Cardinal Health enter into distribution agreement](#)
- [Cepheid gets CLIA waiver for Xpert Xpress MVP](#)
- [OGT expands NGS operations in the U.K.](#)
- [Copan gets third clearance for Colibrí system](#)
- [Qiagen Digital Insights launches NGS analysis for somatic cancer](#)
- [BD Biosciences releases RealBlue reagents](#)
- [StatLab launches PiSmart slide printer](#)
- [New chapter in digital pathology](#)
- [Verichem bilirubin, urine chemistry reference materials](#)

- [Machaon offers updated aHUS genetic panel](#)
- [FormaPath, UB CAT announce clinical R&D collaboration](#)
- [CLSI introduces country-based pricing model](#)
- [Horiba launches next-gen HELO hematology solution](#)
- [Thermo Fisher, Aesku sign distribution agreement](#)
- [BioMérieux acquires software company Lumed](#)
- [Sekisui, Aptitude partner to provide POC COVID test](#)
- [TechLab test detects *C. difficile* infection](#)
- [Fujirebio introduces pTau 217 plasma assay](#)
- [Roche launches next-generation qPCR system](#)
- [Qiagen STI assay cleared for use on NeuMoDx systems](#)
- [Flagship, Offspring partner to provide assay development services](#)
- [FormaPath launches AdiPress for lymph node dissection](#)
- [FDA clears MeMed BV test for use on whole blood](#)
- [Genomadix Cube cleared for *CYP2C19* testing](#)
- [OGT, Intelliseq launch NGS reporting for myeloid malignancy panels](#)
- [Smart In Media launches grossing camera and software](#)
- [FDA approves treatment for rare blood clotting disorder](#)
- [CLSI releases jointly developed 2023 breakpoint implementation toolkit](#)
- [FDA clears BD MiniDraw capillary blood collection system](#)
- [Biocare Medical unveils IntelliPath+ staining instrument](#)
- [Tosoh G8 now connects to Sysmex XN-9000, XN-9100 systems](#)
- [Roche launches Elecsys HBeAg quant in CE markets](#)
- [FDA clears QuidelOrtho Savanna PCR platform and HSV 1+2/VZV assay](#)
- [Ad Astra QScout hematology analyzer gets 510\(k\) clearance](#)
- [LGC launches unmethylated, methylated ctDNA mutation mixes](#)
- [Mayo, Progentec to market biomarker tests for autoimmune diseases](#)
- [OGT, Intelliseq partner to advance clinical insight from NGS data](#)
- [Cardiac Advance now compatible with Beckman instruments](#)
- [TriVerity gets FDA breakthrough device designation](#)
- [BD launches next-gen blood draw technology](#)
- [FDA authorizes Invitae panel for common hereditary cancers](#)
- [Quest, Scipher partner to expand testing for patients with RA](#)
- [Revvity study shows value of NGS in newborn screening](#)
- [Veracyte announces IVD agreement with Illumina](#)
- [FDA approves therapy for myelodysplastic syndromes](#)
- [FoundationOne CDx approved for capivasertib plus fulvestrant](#)

- [Verichem reference materials for serum and urine testing](#)
- [FDA clears Thermo Fisher chromogranin A assay](#)
- [LGC acquires Kova International](#)
- [BioMérieux announces CE mark for Vidas TBI test](#)
- [Bio SB launches TintoStainer Plus automatic IHC stainer](#)
- [FDA clears Nova Prime Plus for microcapillary sample mode](#)
- [FDA approves Qiagen CDx for GIST](#)
- [FloBio bleeding risk Dx gets FDA breakthrough device designation](#)
- [FDA clears Aptiva Connective Tissue Disease Essential reagent](#)
- [HemoSonics Quantra awarded Innovative Technology contract](#)
- [Feasibility study results evaluating Mainz advanced adenoma biomarkers](#)
- [MMQCI releases BCR-ABL IS linearity panel](#)
- [FDA clears PixCell HemoScreen for direct capillary sampling](#)
- [FDA approves Bosulif for pediatric patients with CML](#)
- [Pillar Biosciences launches OncoReveal Core LBx NGS kit](#)
- [Parasitology, infectious Dx company Eiger launches](#)
- [Wren Labs molecular Dx predicts patient response to PRRT](#)
- [Primera unveils Signature EVO slide and cassette printers](#)
- [FDA clears Alinity h-series hematology system](#)
- [Verichem enzyme calibration verifiers for liver function testing](#)
- [Sophia Genetics expands relationship with Gustave Roussy](#)
- [Visiopharm, Boston Cell Standards to develop IHC technology](#)
- [Illumina, Pillar Biosciences announce partnership](#)
- [New book in *Foundations in Diagnostic Pathology* series](#)
- [Comanche drug for preeclampsia gets fast track designation](#)
- [Stago Max Generation systems get DOD authorization to operate](#)
- [American Registry of Pathology Press digital library](#)
- [FDA clears Siemens Atellica CI analyzer](#)
- [Owen Mumford introduces Unistik venous blood collection devices](#)
- [KSL Diagnostics opens transplant immunology laboratory](#)
- [GADx reintroduces IT-Leish test for visceral leishmaniasis](#)
- [Evident Slideview DX VS-M1R digital scanner](#)
- [Verichem reference materials for electrolyte testing](#)
- [FDA clears respiratory viral panel for BD Max](#)
- [FDA clears Thermo Fisher assays for preeclampsia](#)
- [Cole-Parmer ultra-low temp freezers](#)
- [Siemens ELF test gets FDA breakthrough device designation](#)

- [OncoHost, BGN Technologies sign option agreement](#)
- [FBI approves Qiagen ForenSeq Mainstay workflow for NDIS](#)
- [Illumina launches DRAGEN 4.2](#)
- [Werfen completes acquisition of Immucor](#)
- [Verichem calibration verification reference materials](#)
- [FDA approves ARUP Labs AAV5 DetectCDx](#)
- [LGC launches Seraseq 22q11 female-matched reference material](#)
- [Bio-Rad launches second installment in QC workbook series](#)
- [Randox acquires Cellix](#)
- [General Data LaserTrack Flex cassette printer](#)
- [LGC launches Accurun MS2 internal control](#)
- [Bio-Rad launches bulk urine, CSF negative controls](#)
- [Siemens to distribute Scpio digital cell morphology platforms](#)
- [OGT partners with Applied Spectral Imaging](#)
- [Verichem offers free data reduction reports](#)
- [BD launches FacsDuet Premium system](#)
- [Safety-Spec launches gross room trays](#)
- [RMT introduces RmtHealthCheck](#)
- [Bruker launches TimsTOF Ultra mass spectrometer](#)
- [Danish National Genome Center selects Qiagen's QCI Interpret](#)
- [FDA clears Immuno Concepts IgG Anti-nDNA test system](#)
- [Leica launches Bond ChromoPlex II Dual Detection kit](#)
- [BioMérieux launches BioFire Fireworks software](#)
- [Worthington Biochemical product catalog](#)
- [ZeptoMetrix introduces Protrol QC material](#)
- [FDA clears immunoassays to assess risk of preeclampsia](#)
- [SeraCare releases solid tumor CNV reference material](#)
- [Siemens launches Atellica Hema analyzers](#)
- [Momentum Consulting offers plan for lab optimization](#)
- [Early Lyme disease detection](#)
- [Visiopharm launches Ki-67 algorithm](#)
- [Beckman Coulter unveils DxI 9000 Access](#)
- [BD gets clearance for MRSA diagnostics AI software](#)
- [Verichem calibration verifiers for cholinesterase testing](#)
- [Trane Technologies acquires Helmer Scientific](#)
- [FDA clears Panther Fusion SARS-CoV-2, flu, RSV assay](#)
- [Labcorp gets exclusive license for Proteomedix prostate cancer test](#)

- [Quansys Biosciences bovine-specific ELISAs](#)
- [Randox introduces PSA and BNP control](#)
- [Laboratory billing services provider](#)
- [FDA clears POC instrument for fentanyl testing](#)
- [Siemens, Sysmex sign OEM agreement](#)
- [FDA clears Simplexa COVID-19, flu A/B assay](#)
- [BioGx *Candida auris* PCR assay adoption accelerates](#)
- [BD introduces Rhapsody HT Xpress system](#)
- [Quest unveils transplant diagnostic services](#)
- [Visby gets FDA clearance, CLIA waiver for sexual health test](#)
- [FDA clears Leica Biosystems MMR antibody panel](#)
- [Qiagen, Servier to develop CDx for acute myeloid leukemia drug](#)
- [Enzo Biochem to sell clinical lab to Labcorp](#)
- [Verichem Matrix Plus chemistry reference materials](#)
- [Verichem reference materials for triglyceride assays](#)
- [Bio-Rad, Element Biosciences to deliver RNA sequencing workflow](#)
- [Qiagen, Sophia partner to offer NGS solutions](#)
- [Verichem Enzyme ER Calibration Verifier kit](#)
- [AscencioDx COVID-19 test, molecular detector get EUA](#)
- [Globe Scientific introduces Globe/Euromex microscopes](#)
- [LGC launches BRCA1/2 reference materials](#)
- [NRichDx products for developing liquid biopsy assays](#)
- [Verichem reference materials for toxicology testing](#)
- [PerkinElmer debuts NGS workstation](#)
- [FDA expands approval of BD Onclarity HPV assay](#)
- [Flagship, Genomenon partnership](#)
- [SeraCare releases HRD reference materials](#)
- [Agilent releases on-deck thermal cycler for Bravo NGS platform](#)
- [Bio-Rad launches real-time PCR system](#)
- [BioMérieux Vidas Kube gets CE mark](#)
- [Roche launches antibody to identify PRAME protein expression](#)
- [General Data launches LaserTrack Flex](#)
- [EKF handheld hemoglobin analyzer with POC connectivity](#)
- [Santé, Vanguard Healthcare Staffing announce partnership](#)
