

Roundtable discussions 2015:

The future of the lab in health care

Video Series

April 6, 2015—In a collaborative effort to discuss the future of the laboratory in healthcare, Bob McGonnagle, Publisher of CAP Today, gathered with Orchard Software executives: Curt Johnson, Chief Operating Officer, Matt Modleski, VP of Business Development, and Dr. Mick Glant, Medical Director. This series of “round table discussions” was recorded in the first quarter of 2015 and edited into a series of short videos on various topics surrounding the laboratory, informatics, analytics, and the future of healthcare.

The CAP Today/Orchard collaboration published the following ten short videos, each 3 to 4 minutes in length:

- [Introduction: Welcome](#)
- [Segment 1: The Importance of Integrating Lab Data to Save Downstream Costs](#)
- [Segment 2: Test Utilization vs. Test Optimization](#)
- [Segment 3: How Will Labs and AP Change](#)
- [Segment 4: Impact of Lab Information—Antibiotic Stewardship—Integration of Lab Data](#)
- [Segment 5: What Does the Future Hold—Diagnostic Database or EHR—Protocol Driven Medicine](#)
- [Segment 6: Perspective on Current Outlook of Pathologists](#)
- [Segment 7: Perspective on the Future of the Laboratory](#)
- [Segment 8: Orchard’s New Pathology-Lab Leader School—Helping Pathologists Learn Analytic Language](#)
