# Clinical Lab 2.0 honors laboratory team excellence

written by CAP TODAY

May 1, 2024

Clinical Lab 2.0, a Project Santa Fe Foundation initiative, released a proclamation during Medical Laboratory Professionals Week, April 14–20, to recognize and celebrate the roles of laboratory medicine and pathology in the field of medicine “as we transition from the business of volume to the business of value” in the delivery of integrated health care. Read the full proclamation [here](#). Clinical Lab 2.0 was established to provide thought leadership and help develop the evidence base for the valuation of clinical laboratory services in the next era of global health care.
