

Paige, Nuance to create largest pathology consult network

Nov. 27, 2023—[Paige](#) announced it has teamed up with [Nuance](#), a Microsoft company, to create the largest digital consultation network in pathology. By merging Paige's digital pathology tools, such as FullFocus and FullFolio, with PowerShare, Nuance's nationwide image sharing network, laboratories with digital capability can gain access to hospitals and health care systems for consultations.

"Our collaboration with Nuance heralds a new dawn in pathology where pathology consultation becomes easier and cheaper and where patients can get access to the right experts at the right time. Together, Paige and Nuance seek to break down traditional barriers to cancer diagnosis and accelerate the wider adoption of digital pathology," Andy Moyer, CEO of Paige, said in a joint press release.

The announcement was made at the Radiological Society of North America's 109th Scientific Assembly and Annual Meeting in Chicago, Nov. 26-30.
