

Quest to acquire outreach operations of Dignity Health, 7/13:108

Quest Diagnostics has entered into a definitive agreement to acquire laboratory-related clinical outreach service operations of Dignity Health, a hospital system based in California.

Under the agreement, Quest will acquire operations through which Dignity Health provides outreach diagnostic information services to patients and physician offices in parts of California and Nevada. Dignity Health's hospital-based laboratories are not included in the sale.

Quest Diagnostics will perform testing from the acquired operations through its clinical laboratories in West Hills and Sacramento, Calif., and Las Vegas.

Additional terms were not disclosed.

Quest Diagnostics, 800-445-0185
