

## RML selects Alinity

April 2019—Abbott announced that Regional Medical Laboratory, of Tulsa, Okla., will use Abbott's Alinity ci-series. RML, part of the Ascension network, performs diagnostics testing for more than 2.4 million patients through hospital systems in Texas, Wisconsin, Oklahoma, Kansas, and Tennessee.

The installation of Alinity in RML facilities will include a custom automation line. "Alinity's innovative technology and our new custom automation allows us to provide faster, more accurate patient care while increasing the capacity of our laboratory staff and driving down costs," C. Terrence Dolan, MD, president of RML, said in a statement.
